Scholarships

To support the community, we decided to offer a limited number of tickets at a reduced price to students and professionals from the fields of psychology, psychotherapy and science. The option to apply for scholarships will be open until **May 15**.

Donation Ticket

Our wish is to bring the global community together once again - which is not easy due to inequality, a series of ongoing world-wide economic crises and many other socio-economic factors. Therefore, we invite all those who feel the same urge and could support colleagues from other countries to purchase a Donation Ticket: That way, you will provide an entry ticket for a colleague without the means to purchase their own and support the conference with a full-priced ticket at the same time.

For more information, please visit the [conference website](#), [Facebook page](#) or [event page](#).

Looking forward to meeting you here and thank you for helping us to spread the word across the community.

Join us for a radical review of reality!

With warm regards,
Organizing Committee
